Approximate time when plants will be ready: Cabbage June 1st and on; Cauliflower same date; Sweet Potato May 20th; Tomato (for late planting only) June 15th; and Aster June 1st. Celery June 15th.

My plants are raised from best seed obtainable and will come true to name. They are hand cultivated to insure a good root system. Plants are dug, not pulled, critically assorted, packed in moss, and insured to reach you in good condition. The demand for plants will be very heavy and to meet it I have planned to satisfy all my customers, weather permitting. Please note time when ready. Send remittance by money order, cash or check. Avoid C.O.D. shipments if possible. For rush orders wire Western Union or phone Long Distance 9427. Thanks for your past orders.

W. J. MYERS, Route 2, Massillon, Ohio
